ABOUT US

Synergy was established in 2012 in the heart of Mumbai, the business capital of India. Our team of dedicated promoters has a combined experience of more than 35 years. We were initially engaged in manufacturing small scale water parks in India. Within a short span of 7 years, the company has grown at an immense pace and successfully commissioned over 375+ projects. Our flag flies high in more than 37 countries on the international frontier.

We offer a wide range of water park equipment and are the Pioneers in the country to introduce latest technology and innovative products. We are the fastest growing manufacturing company in this segment from India. The company adheres to stringent quality standard of ASTM & EN standards.

We have successfully catered to THE LARGEST WATER PARK in India & still counting across the globe.

MISSION

We aspire to be the most respected and sought-after water park equipment suppliers globally

QUALITY POLICY

Synergy Water Park Rides Pvt. Ltd. is committed to being a continuously growing organisation by delivering quality products and service on time and creating new standards in the industry through innovation and exceeding customer expectation. The products are designed keeping in mind stringent safety requirements.

WHAT OUR CLIENT SAY'S

“ My name is George Fox, myself and my business partner Bell completed work on Pirates Bay Water Park in June of 2018. Out of all the attractions in the water park by far the 1st most popular of them is the Pirate themed water house built by Synergy Water Park Rides Pvt Ltd, India for Chesnut Bay Resort and RV Park. It is a 6-platform structure with 5 slides, skull head tipping bucket, rain curtains and multiple water spraying features.

This is a high-quality product that has become the focal point of the water park. The success of our park is greatly due Synergy- India. We are a very satisfied customer and would highly recommend Synergy to anyone that was considering putting in a new water park or just wanting to add water features to an existing project.

We are now starting the new expansion for Pirates Bay and will be purchasing all the products from Synergy Water Park Rides to be used in this project. We hope to be completed in the Spring of 2020 and Synergy will be an intricate part of this expansion.

Sincerely
George Fox

“ We Splash 'n' Party, Dubai has purchased waterplay system and spray elements from Synergy Waterpark Rides Pvt Ltd, India in 2015. Synergy helped us by installing customized aqua themed water play system within specified area to crate coolest and most exciting water park in Dubai for kids. We are happy with personal and professional approach of team synergy. Also, we highly appreciate the feedback and support of synergy not only for waterpark equipment but on other activities mechanical, electrical and plumbing drawing till completion of project.

We are extremely happy by design, quality, support for installation and after sales service received from team of Synergy. Aqua theme Water Play system is becomes centre of attraction in our park. With rainbow ring, tilting cones, mushroom umbrella and few more spray activities spray area become crowd pulling for Kids and toddlers. We wish a great success to team synergy and highly recommend products of Synergy Waterpark Rides Pvt Ltd.

“

Synergy is the Sole supplier and has installed all water park equipment for our Bliss Aqua World and Resort, Gujrat - India's biggest water park. Synergy has installed more then 48 equipment. We have Conventional slide, largest water play structure and innovative slides like Funnel slide, Fusion slide, Thunder Loop, Crazy River and biggest wave pool. Wet Bubble first in India is enjoyed by the Children. We are happy with the aesthetics of products and time scale of delivery time and the installation. We are satisfied with the product thus far and the after sales service has been Outstanding. Every query and question were dealt with an excellence and timely manner. Our customers are so much happy and satisfied with the quality and thrill of the products.

We highly recommended the product and service from the dedicated team of Synergy.
